

APA & ESPA Cambridge 2013

40th APA Annual Scientific Meeting and AGM

19th – 21st June 2013

West Road Concert Hall, University of Cambridge

The Association of Paediatric Anaesthetists (APA) and the European Society for Paediatric Anaesthesiology (ESPA) would like to invite you to their joint meeting in Cambridge, an international centre of learning for over 500 years. There is an exciting programme covering current topics including neuroanaesthesia and pain management with many outstanding speakers from the UK, Europe and beyond.

APA are celebrating this year's Annual Scientific Meeting and AGM, their 40th, with a History of Paediatric Anaesthesia Meeting on Wednesday 19th June. There is also an outstanding social programme including a drinks reception in the Fitzwilliam Museum and Annual Dinner in Queens' College.

The meeting will be hosted by the Paediatric Anaesthesia Department of Addenbrooke's Hospital

Abstracts

DEADLINE FOR ACCEPTANCE – FRIDAY 22ND MARCH 2013

Please ensure you read the guidelines set out below before submitting an abstract.

Abstracts **must** conform to the following guidelines:

Topic

Select the most appropriate general topic category for your poster: Audit/Quality Improvement, Survey, Case Report, Equipment/Technology, Education/Training/Guidelines, Scientific Foundations/Experimental and Pain.

Trainee Prize Presentation

Indicate if you wish to be considered for the Trainee Prize Presentation (see below)

Corresponding Author

In the submission form the First author is automatically registered as the Corresponding author. If the Corresponding author is different from the First Author please indicate the name and e-mail address of the Corresponding author in the assigned text field in the submission form. It is the responsibility of the Corresponding Author to pass on any relevant information regarding the meeting to the other authors, and ensure that all authors approve the submission and presentation.

Presenting Author

In the submission form the First author is automatically registered as the Presenting Author. If the Presenting Author is different from the First Author please indicate the name and e-mail address of the presenting author in the assigned text field in the submission form. All posters must be presented by a listed author who has been directly involved in the project.

Please note that to qualify for the trainee poster presentations the trainee must be listed as the First Author and also be the Presenting Author.

Abstract Formatting Guidelines

Abstracts must use the following outline:

Introduction and Aims

Methods

Results

Discussion and Conclusion

A maximum of 4 references may be included.

Abstracts must be no longer than 450 words (including Headings and References; excluding Authors and Institutions). Any longer abstracts will be truncated and assessment based on the first 450 words.

Abstracts will be accepted as text only.

Acknowledgement

Funding sources or other acknowledgements should be included at the end of the abstract.

Conflict of Interest

Authors must declare or any conflict of interests or financial support received at the end of the abstract.

Acceptance of Abstracts

Following the submission deadline on 22nd March 2013, each abstract will be assessed by the Scientific Committee. Only those accepted will be invited to exhibit at the Meeting. You will receive notification confirming if your abstract has been accepted or declined 3-4 weeks after the deadline.

Abstracts submitted after 22nd March 2013 will not be considered or accepted.

Reproduction of Abstracts

By submitting an abstract you automatically give us permission to print your submission in the Meeting Program on CD and/or in hard copy if it is accepted for presentation.

Free Paper Oral Presentations

Nine papers submitted for oral presentation will be selected by the judging panel for presentation during the meeting. Papers submitted for oral presentation but not accepted may be considered for poster presentation if this is indicated on the submission form.

Oral Presentation/Poster Prize Presentations

If the First Author and Presenter of an oral paper or poster is a Trainee, he/she may elect to be considered for the appropriate prize. The prizes will be awarded based on the scientific merit and quality of the presentation by a panel of judges appointed by the Chairs of the Scientific Committee. Strict time limits will be applied for the oral presentations, with additional time allocated for questions from the judging panel. A list of the nine selected oral presentations will appear in the Final Program once they have been scheduled.

Criteria for Trainee Status.

1. A trainee is eligible if they are during, or within one year of completion of, professional training or a higher degree at the deadline for submission on March 22nd 2013.
2. This includes:
 - i. nursing, allied health, or medical students in a university or recognised professional training post;
 - ii. students from science, medical, nursing or allied health backgrounds undertaking a higher degree (i.e. Masters, PhD or MD);
 - iii. graduates within a specialist training/board certification scheme.

Trainees short-listed for the Poster Prize Session, will be required to provide certification of trainee status by their department head, program chair/director, or educational supervisor before inclusion in the final program.

Ethical Guidelines

Abstracts must conform to International ethical guidelines for animal or human research where relevant.

Abstracts that do not conform will be rejected. Where relevant, details of Ethics Approvals should be listed in the Methods section of the Abstract.

Preparation and Display of Posters

On notification of acceptance of your poster, you will be sent details of the size of the poster boards and necessary formatting. The poster should identify the title of the paper and name the authors and their affiliations across the top. Text should be legible from 3ft and drawings and charts kept simple.
