

# PERioperAtive CHILDhood ObesityY

Demographics

**Hospital Number** ..... **Height** ..... cm  
**Date of birth** ..... **Weight** ..... kg  
**Gender** m / f *If unable to record height or weight please enter demographics into the RedCap database but no further information need be collected*

Medical Hx

**ASA** 1 / 2 / 3 / 4  
**Co-Morbidities:**  
 Asthma / Hypertension / Type 2 DM / Reflux / Snoring / Confirmed OSA  
**Mainstream School :** Yes / No / N/A

Surgery

**Surgical Speciality** ..... **Procedure** .....  
**Urgency** Elective / Urgent or Emergency **Type** Daycase / In-Patient

Anaesthesia

**Anaesthetist Grade** CT / ST / Cons **Mode of ventilation** SV / IPPV  
**Induction** IV / Gas **Mask Ventilation** Easy / Difficult / N/A  
**Maintenance** IV / Gas **Laryngoscopy Grade** 1 / 2 / 3 / 4 / N/A  
**Airway Device** Mask / Supraglottic / ETT / Other .....

Complications

**Did the following occur during anaesthesia or in PACU/Recovery?**  
**Bronchospasm** Yes / No *Increased expiratory effort and presence of wheeze on auscultation*  
**Desaturation** Yes / No *Any Spo2 value ≤ 90% for at least 60 seconds (not artifact).*  
**Laryngospasm** Yes / No *Complete glottic closure associated with unsuccessful spontaneous respiratory effort / unsuccessful ventilation not corrected with simple airway opening manoeuvres & requiring further intervention with medication e.g. propofol/sux*  
**Pulmonary Aspiration** Yes / No *Presence of non-respiratory secretions (bilious or particulate)e) in the airway AND requiring intervention (e.g. suction)*  
**Stridor** Yes / No *Severe inspiratory flow limitation on emergence with sternal retraction AND requiring intervention (e.g. CPAP, steroids or nebulised adrenaline).*

Paracetamol

**Dosing of paracetamol if prescribed or administered as part of perioperative care:**  
**Pre-op** ..... mg **Intra-op** ..... mg **Post-op** ..... mg  
 IV / PO / PR IV / PO / PR IV / PO / PR

PACU

**Time on PACU/Recovery until ready for ward** ..... mins  
**Anti-emetic given in PACU?** Yes / No **Analgesia given in PACU?** Yes / No
