

Information for Proposers of Potential Projects to PATRN

Thank you for your interest in proposing a project to PATRN.

Checklist of Information Required

Please provide us with the following:

- Project designer/lead, place of work, email and contact number
- Supervising Consultant at your place of work and email
- Project type and short summary (200 words max) – survey/service evaluation/audit/etc.
- Local pilot with results/problems encountered?
- Is ethical approval needed for any element of the data collection?
- How long do you anticipate the data collection period to last for?
- Please include a copy of your data collection sheet/CRF.

Have you thought about the following – please provide details:

- How do you expect to use the data? (Publishing plans)
- Have you consulted a statistician to decide what kind of analysis is needed and for an estimate of the costs?
- Have you thought about how to store the data securely?
- Projects should ideally not capture any patient identifiable data. If you plan to do so, why is it important?

Information following completion of the project

- We expect a report at the end of the project to circulate the take home messages (this may be in the form of a publication / poster / oral presentation).
- PATRN will be recognised in all publications as an author and PATRN logo will be used. All data contributors will be recognised in any presentation or publication
- Further information is available in the PATRN charter, which can be found on the APAGBI website.
